ANEMONES AND RANUNCULUS

Anemones and Ranunculus are becoming increasingly popular in localities that were formerly considered not suitable for their culture. In western Oregon and Washington fine results are obtained by planting the bulbs in late Winter or early Spring. Our greatly increased Spring sales to customers in the eastern parts of the United States indicate successful results from Spring plantings in those localities.

ANEMONES

Bulbs now available

	Diameter	Prices Per Thousand			
		7/8-up	3/4-7/8	5/8-3/4	1/2-5/8

CALADIUM—Fancy Leaved

January to March Delivery. After long experience in growing these in the greenhouse we have selected ten of the most attractive varieties, of contrasting colors and characteristics. In addition to these we can supply any other popular variety. If planted in January will produce salable plants for Easter.

Candidum. Snow-white with green veins and network. Narrow green border. Fine Easter variety.

Hortilania. Center of leaf shining crimson with slight bluish tint. Narrow green border. Strong grower.

John Peed. Bold plant with many leaves. Center transparent cherry-red, light green margin.

Lord Derby. Delicate transparent rose with dark green ribs and narrow green edge. Abundant foliage. Very similar to "Our Red".

Macahyba. Dark moss green profusely spotted and mottled with transparent lilac blotches. Heavy scarlet ribs.

Mrs. Edith E. Mead. Leaf snow-white (not transparent), with red ribs (no veins), and narrow green edge. Very showy.

Mrs. W. B. Haldeman. Glowing bright pink with narrow green edge. Varies to a deep pink according to soil used.

Poecile Anglais. Dwarf, many-leaved type with wavy leaves of deep crimson having a bluish overcast and bordered metallic green. One of the best.

Peter Scott. Bold bright red center, narrow green margin. Finally the entire leaf is a rich red. Very good.

Sorocaba. Transparent silvery-pink leaf more or less suffused white. Green ribs and veins.

Straight varieties or mixed, \$12.50 per 100; \$120.00 per 1000.

F.O.B. Los Angeles.

Straight varieties or mixed, 10.50 per 100; 100.00 per 1000.

F.O.B. Florida.

LILY OF THE VALLEY

ABOUT LILY OF THE VALLEY PIPS – We have been fortunate in securing a fine supply of two year old blooming size Pips from an American grower who has been growing Valley Pips for many years. While we do not recommend these domestic pips for greenhouse forcing, we believe that they are unexcelled for Garden and Pot Culture.

Our Pips are now in local cold storage and we will begin making deliveries on all orders right after the first of the year. By that time the pips will be thoroughly cured so that they will bloom satisfactorily.

Prices as follows:

25 pips for 85¢
50 pips for \$1.60

100 pips for \$3.00
250 or more, \$27.50 per 1000

GLADIOLUS

November to May Delivery. Extensive tests have proven that California grown Gladiolus bulbs bloom earlier. We offer only carefully selected varieties chosen for color, growing qualities, size and arrangement of flowers on the spike, as well as keeping qualities and number of blossoms open at once. Bulbs are carefully cured, high crown, No. 1 size.

	Per 100	Per 1000
